EDUCATION

2022 – JAN 2023

DATA ANALYSIS & VISUALIZATION, AL- HUSSEIN TECHNICAL UNIVERSITY

Upskilling Program

2012 - 2017

CHEMICAL ENGINEERING, AL-BALQAA APPLIED UNIVERSITY

Faculty of Engineering Technology

PROJECTS

- **Sales and Customer Trends Analysis Using Power BI:** This report presents the results of an examination into sales and client trends utilizing three Power BI dashboards. The primary objective was to recognize patterns in sales performance, comprehend consumer behaviour and sales patterns, and scrutinize the geographic distribution of sales data.
- **Data Cleaning Using SQL Server:** This process included identifying and correcting any errors or inconsistencies in the data, ensuring proper formatting and structure, and eliminating any irrelevant or duplicate information. The cleaned data was then used to perform various analyses.

EXPERIENCE

2019 – NOV 2021

CORPORATE SOCIAL MEDIA EXECUTIVE, ARAMEX INTERNATIONAL LIMITED

- Management of social media channels (Facebook, twitter and Instagram)
- Design Posts for the platforms
